Y., and 60 miles west of Rochester, N. Y. Refer to map on inside of back cover for routes from nearby cities to our nurseries.

Guarantee:

We guarantee all stock true to label and will replace without charge any which proves otherwise. We do not guarantee continued growth, but will replace at ½ price any which dies within one year from date of invoice.

Terms:

All prices net cash.

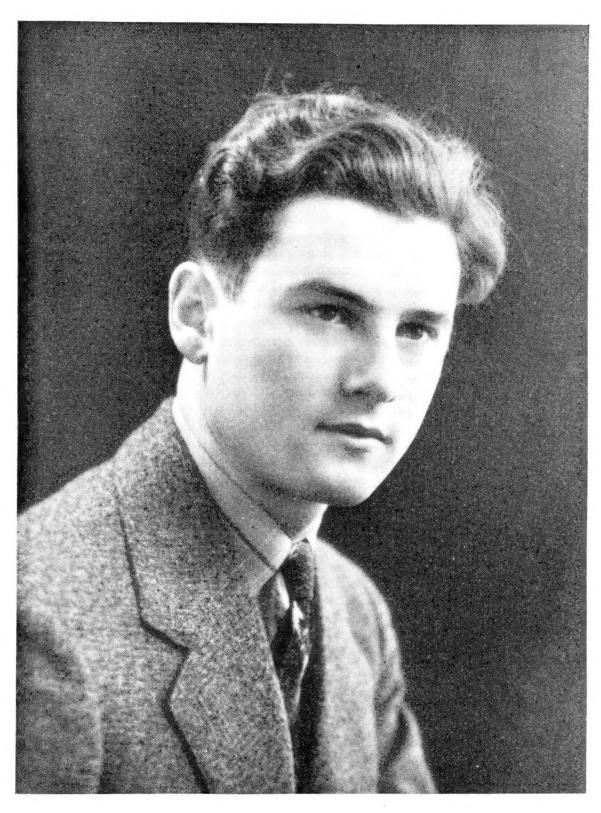

Please do not expect exceptions to these terms.

Landscaping:

Landscaping construction and rearrangement is one of our specialties, and we will gladly give estimates and consultations without charge. When a plan is drawn and submitted for customer's approval, it remains with us until customer's order has been received. If customer wishes to use plan for competitive bidding he may purchase same at a nominal fee.

Planting:

We make an extra charge for stock planted by us. Such planting carries ½ guarantee only.

Greetings to Our Friends

In this issue we gratefully acknowledge the return to us of our son, William C. Stedman, after three years in the military service. "Bill" was radar operator and mechanic in the 13th Air Corps, 868 Bomber Squadron, and saw action at Morotai, Philippine Islands and Okinawa. He is holder of 5 Service Ribbons and 6 Battle Stars, including Northern and Southern Philippines, Borneo, Japan, China and Western Pacific, also a Squadron Presidential Unit Citation.

May we assure his friends that he will be connected with this business, and that he will be pleased to meet them again either professionally or otherwise.
